PRE-EXAMINATION
AMENDMENT CORRECTING INVENTORSHIP UNDER 35 USC 116 AS
IMPLEMENTED BY 37 CFR 1.48(a)

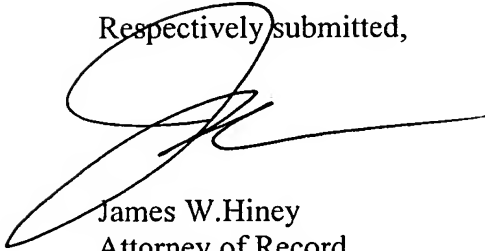

A request is hereby made by the undersigned, the attorney of record in this case, to OIPE, to correct the inventorship of this application by deleting one of the named signers on the declaration filed herewith. The name of the person to be deleted as inventor is C. Christopher Klepper who is not an inventor of any part of this invention and the statement of whom is submitted herewith which sets forth that there was no deceptive intent. In addition, a substitute declaration by James M. Williams, who is the sole inventor is submitted herewith.

It should be noted that this application depended on an earlier filed provisional application Serial No. 60/415.164 which listed James M. Williams as the sole inventor. The addition of Mr. Klepper, who is now working with Mr. Williams, as an inventor was due solely to an oversight on the part of the undersigned's office which listed him inadvertently as an inventor. The erroneous addition of Mr. Klepper was without any deceptive intent and Mr. Klepper's statement so states and he signed it as the undersigned's office mistakenly added him to the declaration without checking the earlier filed provisional case.

As no assignment of the invention has yet occurred, no statement by an assignee is required.

A check for the processing fee under § 1.17(i) is submitted herewith.

Respectfully submitted,

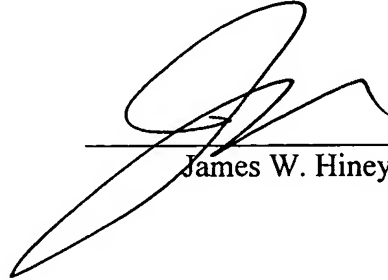

A handwritten signature in black ink, appearing to read 'J. Hiney', with a long horizontal flourish extending to the right.

**STATEMENT CORRECTING INVENTORSHIP BY NAMED INVENTOR
TO BE DELETED FROM DECLARATION**

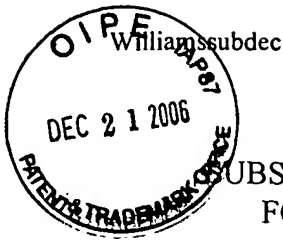

I hereby state and swear that I am not an inventor in the above identified application before the United States Patent Office and that I mistakenly signed a joint declaration form provided to me by the office of the attorney of record assuming that they wished me to. This error occurred without any deceptive intent on my part and I have no objection to being removed as an inventor as James M. Williams is the sole inventor in this application.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "C. Christopher Klepper", with a long horizontal flourish extending to the right.

Letter accompanying Fee Transmittal

This letter is sent together with the following attachments:

1. Fee transmittal letter signed and filled out by applicants attorney.
 2. A check for \$1000.00 for the issue fee.
 3. A self addressed stamped postcard.
-
4. A copy of a signed Pre-examination Amendment correcting inventorship from C. Klepper and J. Williams to only J. Williams.

5. A copy of a signed Statement by C. Klepper asking to be deleted from being listed as an inventor.
6. A signed substitute declaration of inventorship by J. Williams.
7. A signed copy of the original declaration signed by both J. Williams and C. Klepper.
8. A copy of change of address for applicant's attorney.

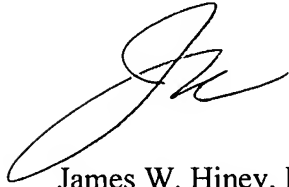

It should be noted that the items numbered 4 through 6 were previously submitted to the Patent Office on March 18, 2004 by Express Mail which was delivered. Despite that submission the Patent Office continues to send out actions with Christopher Klepper noted as an inventor. It was discovered upon review of the facts after filing the application that he, in fact, is not an inventor. James M. Williams is a sole inventor. As this has been an arduous prosecution with a difficult examination with misapplied prior art and a lack of communication on the part of the examiner at times it is hoped that yet another problem will not be caused by the Patent Office in issuing the patent with an erroneous indication of dual inventorship.

Please insure that the patent issues in the name of James M. Williams alone.

Note also the change of address of applicant's attorney which was filed previously

but is again noted for the record.

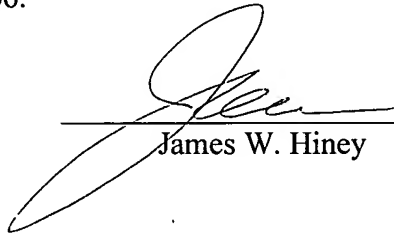

Respectfully submitted,

James W. Hiney, Esq.
